

**GO X TREME**<sup>®</sup>  
**ACTION CAMS**

**ULTRA HD ACTION CAMS  
& VIRTUAL REALITY**

RIDE THE ELEMENTS

COME ALONG WITH US ...

Whether it is your first time ride on your skateboard or whether you are an outdoor pro, by choosing GoXtreme® Action Cams you will find the right camera that suits your needs and budget.

Our new generation of action cams offer outstanding features and cutting edge technology such as **4K Ultra HD, double lens 360° panorama for virtual reality videos and waterproof cameras.** Anything from HD starter cams up to 4K models, all come with the appropriate accessories to get you started right away – no delay!

With over 15 years of expertise in digital camera, we at EasyPix® believe that it takes more than a few models to match all the different needs that outdoor sports demand. Tailored to the individual requirements, you can be confident that our range meets your expectations in regards to quality and budget.

So why not spend that extra money on your next adventure?

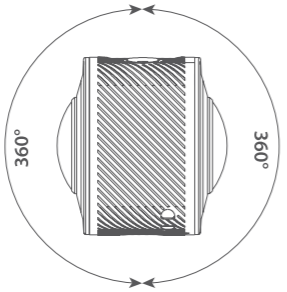

RIDE THE ELEMENTS

### CREATE YOUR OWN VR

GoXtreme 360° Virtual Reality cameras combined with VR glasses make it easy to create and experience your own virtual reality recordings. **The 360° cameras record a perfect all-round view and deliver extraordinary and fully immersive panoramic videos up to 4K resolution.**

### SPHERE PANORAMA

Two spherical lenses capture any detail around you and offer a new, exciting video and photo experience. Unforgettable events, adventures and panoramic landscapes can now be viewed from each and every angle - by simply navigating on your smartphone, tablet or PC screen. **With 2x 360° you are sure not to miss any perspective on your recordings.**

2x 360°

## SPHERE

THE RANGE OF 360° & VR CAMS

### LITTLE PLANET

Another possibility is to compress your spherical experences into one tiny 360° little planet.

### 360° VIRTUAL REALITY

**Immerge into the amazing world of 360° virtual reality!** Relive any experience fully by simply entering the virtual reality world with the help of your VR glasses. **Be right at the heart of the action and control any perspective by simple movements of your head.**

### ULTIMATIVE PERFORMANCE UP TO 4K

GoXtreme Action Cams are designed to offer optimal performance. Whether it's true 4K video, sharp images, stereo audio recording, we choose only the best components like high efficiency Ambarella chipsets and high speed sensors.

### MOUNTS & ACCESSORIES INCLUDED

At GoXtreme we understand the value of giving you more and that's why every GoXtreme Action Cam includes a great selection of essential mounts and accessories right out of the box.

### SLOW MOTION, BURST, TIME LAPSE

**Slow motion:** Depending on the model chosen GoXtreme Action Cams allow you to choose slow motion mode to slow down the fury of your wildest adventures, to view them at a pace that shows just how much of an action hero you really are.

**Burst mode:** Once activated burst mode captures several photos with a single press of the shutter which in turn delivers multiple photos where you would normally record just one.

**Time Lapse mode:** Let's get you creative by giving you the option of capturing photos automatically at set time intervals which when played back as a video allows you to view an extended time frame.

### PROFESSIONAL AUDIO PERFORMANCE

**Developed by our R&D team to offer specific on-board stereo recording GoXtreme Stage is designed to enhance any talent in stereo.**

Thanks to two built in stereo mics GoXtreme Stage and Black Hawk+ are recording high quality stereo audio ensuring your performance is captured just as you hear it while the mic settings allow you to fine tune.

### WATERPROOF DESIGN

All GoXtreme Action Cams come with a waterproof case in the bundle.

**The newest edition to the line, GoXtreme High Five, is rugged and waterproof without any extra case.**

### WiFi CONNECTION

At the touch of a button the built in WiFi allows you to connect your camera to your smartphone or tablet using the companion app. Simply download your files directly from your camera to your device to view or share via e-mail or on your favourite social media platforms.
